## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**Title 11—DEPARTMENT OF PUBLIC SAFETY  
Division 30—Office of the Director  
Chapter 14—Approval of Accrediting Organizations for  
Crime Laboratories**

**EMERGENCY RULE**

**11 CSR 30-14.010 Approval of Accrediting Organizations for  
Crime Laboratories**

***PURPOSE:** This emergency rule identifies those accrediting organizations approved by the department to accredit crime laboratories that provide reports or testimony in state court pertaining to the forensic analysis of evidence. The department is required to promulgate a rule identifying approved accrediting bodies under section 650.060.4, RSMo.*

***EMERGENCY STATEMENT:** This emergency rule sets out the standards for a crime laboratory accrediting organization to be approved by the department as required by section 650.060.4, RSMo. The emergency nature of this rule arises from section 650.060.1, RSMo: "On or after December 31, 2012, any crime laboratory providing reports or testimony to a state court pertaining to a result of the forensic analysis of evidence shall be accredited or provisionally accredited by a laboratory accrediting organization approved by the department of public safety."*

*While crime laboratories providing these types of reports or testimony are already accredited consistent with this rule, the statute fur-*

*ther requires that the department approve the accrediting organization. To ensure that the crime laboratories providing reports and testimony in state court continue to comply with the law, this rule approving accrediting organizations must be adopted on or before December 31, 2012.*

*Further, the statute requires that the department promulgate a rule to identify approved accrediting bodies. Without a rule in place, there is a risk that crime lab evidence and testimony may be subject to legal challenges as non-compliant with state law. To avoid that result, and because there is a compelling public safety interest that crime lab evidence not be suppressed if that evidence otherwise satisfies evidentiary rules, the department is filing this emergency rule.*

*Previously, Missouri courts have held that the failure of the Department of Health and Senior Services to file a rule on blood alcohol test procedures resulted in certain blood test results being inadmissible. In *State v. Peters*, 729 S.W.2d 243 (S.D. 1987), the Southern District Court of Appeals affirmed the trial court's decision to suppress the blood test in a DWI case because the department had not approved the method for analyzing the blood sample by rule.*

*After section 650.060, RSMo, was enacted in 2008, the Missouri State Highway Patrol put forward a draft rule identifying one (1) accrediting body by name. In reviewing that draft rule over the past several months, the department determined that identifying only one (1) accrediting body by name would lead to the potential for other legitimate accrediting bodies to be excluded from the rule, whether those bodies exist now or in the future, and would result in less flexibility for crime labs if they choose to become accredited with a different accrediting body that still adhered to the standards for accrediting bodies. In addition, the department briefed the Crime Laboratory Review Commission and the crime labs on this revised approach over the last few months to verify that this approach would be acceptable to those labs that are required to be accredited—the crime labs have indicated that this approach is acceptable. The additional time necessary to revise the rule in light of these discussions makes it infeasible for the department to promulgate this rule under the normal rulemaking process without opening up the possibility that, during the pendency of the regular rulemaking process, crime lab evidence could be challenged since the rule will not yet be adopted.*

*The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The department believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed January 8, 2013, becomes effective January 18, 2013, and expires July 16, 2013.*

*The department has also filed a proposed rule that will be subject to comment. The department has shared the proposed rule with the affected crime laboratories.*

(1) "Approved accrediting organization" means an organization that is compliant with ISO/IEC 17011 "Conformity assessment—general requirements for accreditation bodies accrediting conformity assessment bodies" and accredits crime laboratories to ISO/IEC 17025 standards—"General requirements for the competence of testing and calibration laboratories"—and supplemental forensic science standards.

(2) "Crime laboratory" means a laboratory operated or supported financially by the state or any unit of city, county, or other local Missouri government that employs at least one (1) scientist who examines physical evidence in criminal matters and provides expert or opinion testimony with respect to such physical evidence in a state court of law.

(3) Each crime laboratory shall submit documentation to the department verifying its accreditation status with an approved accrediting organization no later than December 31 of each year.

*AUTHORITY: sections 650.060 and 650.100, RSMo Supp. 2012. Emergency rule filed Jan. 8, 2013, effective Jan. 18, 2013, expires July 16, 2013. A proposed rule, which covers the same material, is published in this issue of the **Missouri Register**.*

**T**he Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2012.

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.
